

third Indium-Indium Fe-55 stimulation setup at 1600 meters apart on May 27th, 2004 is another setup which was carried out by Dr VAN GENT and which is presented below.

Taking into account section 3 of the action : *"Furthermore, but as a more procedural point, any such "Declaration" should be clearly identified to have been submitted under 37 C.F.R. 1.132."*, we would like to make sure that any decision be made on the correct measurement data, hence, we are re-submitting the previous data corrected, and additional data in the form of declarations according to 37 C.F.R. 1.132.

We apologize for the inconvenience.
